## Website

<https://www.ijf.org>

## Type of resource

Project management

## Target group

Project managers in the field of Integration of Refugees Through Sport

## Short description

The IJF Judo for Peace commission was created in 2007 and has been running ever since. Active in conflict areas, post-conflict zones and places with social disorders, it uses the judo values to build a better society. The commission is in charge of project management, from financial support, to equipment delivery, creation of the contents and implementation of the programmes. The commission provides expertise throughout the process. A special attention is given to refugees.
